About US

Lantu ebike, was founded in March 2020. The owner, Mr. Yuga and his team started the ebike industry since 2007.

With experience and accumulation over the years, we have known very well about the market as well as the demands of our clients.

Currently, we put focus on producing electric bikes and electric scooters, with OEM service and ODM service. Meanwhile, we are running our own brands "Lantu ebike" and "Credbike".

As for quality control, we make it from all details even for a screw and nut.

Our mission is just to be one of the advocators for easy riding and healthy riding.

So far, the products have been sold to more than 50 countries like the US, Canada, Italy, the UK, France, Switzerland, and so on.

We believe in hard work for all things, we believe in success comes from hard work.

Lantu ebike, warmly and sincerely invites all of you, to come and visit our factory and have all things discussed.
